Good morning,

Ms. (b) (6),

The U.S. Environmental Protection Agency (EPA) and The Oklahoma Department of Environmental Quality (ODEQ) continue to reach out to the citizens of Bristow in ensuring opportunities for public involvement in the decision making process.

In response to your e-mail regarding the Wilcox Oil Company Superfund Site requested information and being involved. I am a U.S. EPA Region 6 Community Involvement Coordinator (CIC) but I am not assigned to the Wilcox Oil Company Superfund Site.

I will forward your request to the EPA Region 6 representative assigned to this site. Bart Canellas is the Remedial Project Manager that will be responsible for oversight during cleanup of the site.

Bart Canellas and Bill Little, Community Involvement Coordinator (CIC/S.E.E.) has been included on this e-mail for information. Bart & Bills' contact information is provided below:

Either of the two or both will reach out to you about your request.

Subject: FW: U. S. EPA Region 6 Wilcox Oil Company Superfund Site

Dear Madam,

I am a landowner of property in this area. How can I find the dimensions of the cleanup site? How can property owners become more informed and involved in this project?

Thank you for helping me.
